

# SLIT, ROLL, RAKE AND BRUSH - ALL IN ONE GO!

Healthy turf needs air. The Aero-Quick helps turf breathe and drain by relieving compaction to open up the soil's structure.

This 1.5m aerator, which fits compact tractors and popular utility vehicles, has a wide range of slitting tines of varying

depths, for maximum effectiveness on different types of sports turf.

Choose the new rear roller carrier with rake and brush attachments, and you can groom and brush at the same time to create a perfectly groomed and striped finish!
