

DO YOUR TOPDRESSING FASTER AND EASIER!

Now you can transport your sand and load it directly into your topdresser with no manual handling.

The massive 16" flotation tyres are spaced outside of the body which gives extra stability when you are tipping in the high position.

The Easy-Load is designed for use as both a topdressing loader, and also as an all-round

three tonne trailer. It is equipped with a dual-purpose tailgate which is top-hinged for normal tipping trailer work, and also incorporates a topdressing loading chute. This enables you to use the Easy-Load for general tipping trailer duties as well as loading your topdresser, thus giving you maximum value from your investment.

**ELIMINATE
MANUAL
HANDLING**

EASY-LOAD TRAILER

- Eliminate manual handling in line with HSE objectives
- Free up manpower for other important jobs
- Speed up topdressing so greens are back in play quicker
- Unique design with wheels outside of the body for maximum stability and safety
