

# THE WORLD'S WIDEST SAREL ROLLER

Thanks to its large working width the Multi-Sarel enables you to maintain your fairways or sports pitches in the same way as your fine turf.

By spiking thousands of small holes up to 30mm deep, the Multi-Sarel quickly creates well-drained and freshly aerated turf to help prevent surface sealing – all in one pass and even over undulating ground!

The 5.4m width provides the fastest possible way of surface aerating large areas with minimal surface disturbance.

The Multi-Sarel is based on the popular and proven Multi-Brush and Multi-Roller, and can also be used folded up with three Sarel Rollers in a row, 1.8m wide, for intensive aeration or in preparation for overseeding.

**MULTI-SAREL**

**LARGE  
5.4M  
WORKING  
WIDTH**

- Prevents surface sealing
- Aids drainage and aeration
- Causes no surface disruption
- Very fast: Sarel Roll 5.4m widths in one pass!
- Pivoting wings follow ground contours
- Hydraulically folds for transport
- Can also be used folded up
